

Welcome to Saquarema

11th Paramotor World Championship - FAI

11th WPC – FAI Saquarema

It takes place between the 20th and 30th of April in the district of Sampaio Correa – Saquarema RJ. Hundreds of competing pilots and sportsmen attend the region throughout the year, in order to preserve the integrity of all, follow some informative measures.

VILA BEACH

ITAÚNA

VILATUR

Airspace

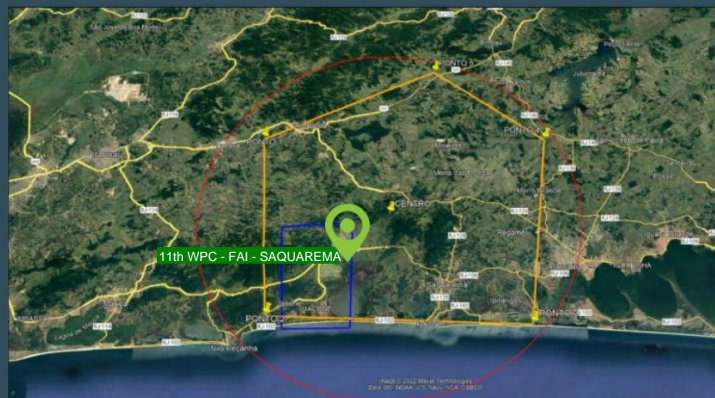

The airspace rules follow the same as established by ANAC in RBAC 103, being prohibited overflight practices in densely populated areas, with agglomeration of people and operations that put people on the ground at risk.

OFFICIAL EVENT AREA

Every event will take place within the delimited NOTAN

between points 1 to 5 in the image to the side. In the NOTAN area, it will only be allowed to fly with the event number on the wing

The entire stretch of beach is outside the NOTAN, being allowed the take-off with the EXCEPTION of the beaches of the Vila and Itauna.

RESTRICTION OF LANDING AND TAKE-OFF VILA AND ITAÚNA BEACHES

The beaches of Vila and Itaúna concentrate the largest number of bathers and sports activities, with TAKE OFF, LANDING and OVERFLY PROHIBITED IN DEMARCATED AREAS. Overflight is allowed
RESPECT THE MINIMUM LIMITS of 50 meters away from the sand, over water and a minimum altitude of 150 Feet.
